

NALCO FOUNDATION's VISION

To be an agent to engineer holistic development.

NALCO FOUNDATION's MISSION

1. To work with communities in the vicinity of Nalco projects as partners for sustainable development;
2. To take up sustainable development projects to support education, health, drinking water and basic amenities along with income generation programmes;
3. To empower women to find a rightful place in nation building;
4. To empower children, differently abled persons (including physically and mentally challenged), old and destitute persons for a dignified living;
5. To promote art, culture, heritage and sports, with emphasis on tribal art and culture, in the vicinity of Nalco projects;
6. To promote environmental conservation measures.
