

Thermal Analysis

TG-DTA-DSC

Model: STAPT 1600°C

Make: Linseis GmbH, Germany

Application: Study of thermal properties of inorganic materials like ceramics and metals (RT-1550°C)

Parameter	Industries/Institutions	Students & Research Scholars
Enthalpy & Mass changes (per sample)	Rs. 4300	Rs. 2150
Specific Heat (per sample)	Rs. 4300	Rs. 2150
