प्रिय पाठकों,

संगिनी के वर्तमान अंक के सम्पादकीय के माध्यम से एक बार फिर आप सबसे रूबरू होने का मौका मिला। मुझे पूरी उम्मीद है कि पिछले दिनों में आपने लोकतंत्र के महापर्व में अपनी सहभागिता सुनिश्चित करते हुए अपने राष्ट्र व भावी पीढ़ी के वर्तमान एवं भविष्य हेतु जनादेश में अपनी अमूल्य योगदान दिया होगा। इसके अतिरिक्त हमने पर्यावरण संरक्षण के मार्ग से गुजरते हुए रज-पर्व के उल्लास में आनंदमय होकर स्वयं,

परिवार, समाज, राष्ट्र के माध्यम से विश्व-कल्याण हेतु योग दिवस पर योगाभ्यास करके योग को अपने दैनिक दिनचर्या में हिस्सा बनाने का संकल्प भी किया।

योग का हम सभी के जीवन पर सकारात्मक प्रभाव पड़ता है। माना जाता है कि इसे करने से व्यक्ति बड़े से बड़े तनाव से छुटकारा पा सकता है। आजकल ऑफिस और पारिवारिक समस्याओं के चलते हर दूसरा व्यक्ति तनाव से ग्रस्त है। ऐसे में सभी को योग करने की विशेष सलाह दी जाती है। इससे न केवल मानसिक शांति मिलती है बल्कि सोचने समझने की क्षमता में भी वृद्धि होती है। वहीं कुछ लोग योग के साथ ध्यान करने पर अधिक विश्वास रखते हैं, क्योंकि इससे सुकून और संतुलन होने का एहसास होता है।

आसन, ध्यान, धारणा, समाधि ये योग के चरण माने जाते हैं। ध्यान करते समय व्यक्ति अपनी एकाग्रता को गहराई तक ले जाने का प्रयास करता है, जिससे एकाग्र क्षमता बढ़ती है। साथ ही इसे करने से मन के विचलन को भी कम किया जाता है। वहीं धारणा की हमारे जीवन में अहम भूमिका होती है। धारणा में व्यक्ति बाहरी चीजों से मन हटाकर एक बिंदु पर स्थिर होता है। इसमें मन पूरी तरह से शांत और किसी एक चीज पर केंद्रित हो जाता है। इस दौरान व्यक्ति को आंतरिक शांति और स्पष्टता का अनुभव होता है। इसके अलावा समाधि, जिसे योग का अंतिम स्तर माना जाता है। इसे आध्यात्मिक और ध्यान की उच्च अवस्था कहते है, जिसमें व्यक्ति को शांति और सुकून का अनुभव होता है।

स्त्री परिवार की, समाज की धूरी होती है, जिस कारण परिवार के देखरेख का सर्वोच्च भार परिवार की महिलाओं का ही होता है। योग के माध्यम से स्त्रियाँ अपने इस दायित्व का निर्वहन भली प्रकार से कर सकती हैं।

संगिनी के इस अंक में हमने मताधिकार, पर्यावरण, साइबर सुरक्षा, माँ के साथ-साथ स्त्री के व्यक्तित्व एवं रामनवमी के अतिरिक्त रसोई को भी कलमबद्ध करने का प्रयास किया है। आशा है, यह आपके अपेक्षानुरूप होगी। इन्हीं शब्दों के साथ महाप्रभु जगन्नाथ के श्रीचरणों में शीश नमन करते हुए समस्त जनों की मंगलकामना के साथ यह अंक आप सबके समक्ष प्रस्तुत करती हूँ।

जय हिंद, जय भारत।

अक्षय तृतीया

अक्षय तृतीया भारत में हिन्दू धर्म में मनाया जाने वाला एक त्यौहार है। अक्षय तृतीया को अक्ती भी कहा जाता है। हिंदू कैलेंडर के अनुसार, वैशाख माह के शुक्ल पक्ष की तीसरी तिथि को अक्षय तृतीया के रूप में मनाया जाता है। अक्षय का अर्थ है अनंत जो कभी ख़त्म न हो। पुराणों के अनुसार इस दिन शुभ कार्य करने का

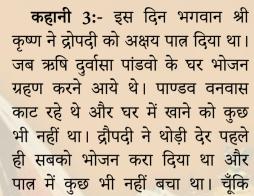

यह बहुत शुभ दिन है क्योंकि

- इस दिन भगवान विष्णु के छठे अवतार परशुराम जी का जन्म हुआ था।
- इसी दिन रसो<mark>ई माता अन्नपूर्णा का जन्म भी हुआ</mark> था।
- इसी दिन गणेशाजी ने महाभारत लिखना शुरू किया
 था।
- इसी दिन माता गंगा भी स्वर्ग से धरती पर आई थी। इस दिन के महत्व को सिद्ध करने के लिए बहुत सी कहानियाँ हैं।

कहानी 1:- भगवान कृष्ण अपने मित्र सुदामा के पास गये। सुदामा बहुत गरीब थे। वह एक झोपड़ी में रहते थे और उनके पास भगवान को खिलाने के लिए कुछ भी नहीं था। प्रेम से, सुदामा ने श्री कृष्ण को कुछ चावल खाने के लिए दिए। श्रीकृष्ण खाना खाकर आत्मतृप्त हुए और उस दिन भगवान ने अपने मित्र सुदामा की कुटिया को महल में बदल दिया। यह शुभ दिन अक्षय तृतीया पर ही हुआ था।

कहानी 2:- एक वैश्य था, जो पैसों के कारण तनाव में रहता था। एक दिन उसने कुछ ऋषियों से अक्षय तृतीया का महत्व सुना कि इस दिन पूजा, यज्ञ और दान करने से सब कुछ अनंत हो जाता है। उसने इस दिन सुबह जल्दी स्नान किया, लक्ष्मी माता को फूल, धूप, प्रसाद चढ़ाया और दान किया। वह हर अक्षय तृतीया पर ये शुभ कार्य करता गया और अगले जन्म में वह राजा बना। मान्यता है कि इस दिन जो कुछ भी किया जाए, वह आपके भविष्य में बहुत बड़ा हो जाता है।

द्रौपदी कृष्ण का नाम हमेशा सुमिरन करती थी, उसी वक्त श्रीकृष्ण आए और द्रौपदी से बोले "खाने में क्या है मुझे बहुत भूख लगी है"? द्रौपदी बोली "क्षमा करे प्रभु खाने में तो कुछ भी नहीं है"। श्री कृष्णा बोले "अरे कैसे नहीं है ? इस पाल में तो मुझे एक चावल का दाना दिख रहा है"। श्री कृष्ण ने उस एक दाना चावल को जब खाया तो उनका हृदय संतुष्ट हो गया और वह द्रौपदी को बोले "मैं जा रहा हूँ, पांचाली। मेरी भूख शांत हो गई है" और श्री कृष्ण चले गए। तभी दुर्वासा ऋषि स्नान करके भोजन ग्रहण करने आए। द्रौपदी चिंता में आ गई कि वह दुर्वासा ऋषि को कैसे भोजन कराएंगी ? तभी रसोई से खाने की सुगंध आने लगी। जिस पाल में भगवान श्री कृष्ण ने एक दाना चावल खाया था वह <mark>अक्षय पात्र बन गया और उस</mark>में बहुत सारा चा<mark>वल था।</mark> द्रौपदी भगवान के चमत्कार को समझ गई। फिर क्या द्रौपदी ने ख़ुशी-ख़ुशी ऋषि दुर्वासा और उनके शिष्यों को भोजन कराया।

कहानी 4:- श्री कृष्ण युवा थे और वे गौ चारण के लिए जाना चाहते थे। लेकिन उनकी माँ यशोदा ने कहा कि "लला मुंडन कराने के बाद ही गौ-चारण के लिए जाया जाता है"। श्री कृष्ण बोले "बड़े भाई बलराम भी गाए चराने के लिए जाते है। मैं भी जाउंगा"। तो माँ यशोदा बोली "बलराम का मुंडन हो चुका है लला"। श्रीकृष्ण बोले "मेरा भी करा दो"। तो नंदबाबा बोले "ऐसे कैसे करा दे मुंडन। बड़ा आयोजन कराएंगे"। लला कृष्ण तो अड़ ही गए। माता यशोदा बोली "नज़दीक में ही अक्षय तृतीया है तब लला का मुंडन करा देंगे"। अक्षय तृतीया है तब लला का मुंडन करा देंगे"। अक्षय तृतीया के दिन मुंडन होने के बाद लला बोले "मैं जा रह हूँ गौ चारण के लिए"। माता बोली "बहुत गर्मी है अभी कहाँ जा रहे हो"।

लला बोले "मैंने इतने सुंदर केश दे दिए गौ चारण के लिए। अब तो मैं जाऊंगा"। माता यशोदा नंदबाबा से बोली "ले जाओ इसे और जल्दी ही ले आना"। लला कृष्ण गौ चारण के लिए गए लेकिन कुछ देर में ही गर्मी से उनकी हालत खराब हो गई। तब ही लिता और कुछ सिखयों ने देखा कि लला की हालत ठीक नहीं है तो उनहोने नंदबाबा को बोला "आप इसे यहीं छोड़ दे। हम थोड़ी देर में लला को घर छोड़ देंगे। लाला की ऐसी हालत देख कर लिता और सिखयों ने लला कृष्णा के शरीर पर चंदन का लेप लगाया और उनको पेड़ के नीचे बैठा दिया। लला सो गए और उठने के बाद उन्हें बीज के लड्डू और इलायची का शरबत पिलाया। यह दिन भगवान को बीज के लड्डू का भोग भी लगाया जाता है।

इस दिन श्रेष्ठ कार्य करना चाहिए, जिससे उसका फल अनंत हो जाता है।

- पूजा करना
- चावल दान करना
- गाय को खाना खिलाना
- साधना करना
- अपने घर चावल लाना
- सोना चाँदी खरीदना

आप सभी को अक्षय तृतीया की अनंत अनंत शुभकामनाएँ।

माँ बन गई हूँ

अब रातें जागकर भी, दिन में नहीं सोती हूँ। उसके आधे घंटे की नींद में घर के सारे काम निपटा लेती हूँ।

कभी ब्रश करना भूल जाती हूँ, तो कभी नहाना भूल जाती हूँ। अगर वह थोड़ी देर भी व्यस्त हो, तो झटपट खाना बना लेती हूँ।

मैं ऐसे कैसे बदल रही हूँ, ओह! अब मैं माँ बन गई हूँ। ड्रेसिंग टेबल पर अब मेरे श्रृंगार के सामान कहाँ रहते हैं, उन पर तो बस अब उसके ही खिलौने सजते हैं।

दीवार अब कैनवास बन गए हैं, और मेरे लिपस्टिक, काजल अब पेन बन गए हैं।

दिन-रात उसके बिखरे सामान समेटने में चला जाता है, दो पल भी कहाँ मिलता है चैन, क्यों इसके बाद भी नहीं थकती हूँ, ओह! अब मैं माँ बन गई हूँ।

सोचती हूँ कोई थोड़ी देर उसे पकड़े, तो थोड़ा आराम कर लूँ, जल्दी से कुछ खा लूँ, थोड़ा काम कर लूँ, पर थोड़ी देर भी वह ओझल हो जाए, तो बेचैनी का अहसास होता है, फिर अस्त व्यस्त क्यों रहती हूँ, जब वो मेरे पास होता है, ये कैसी ममतामयी गई हूँ, ओह! अब मैं माँ बन गई हूँ।

भ्रष्टाचार को न कहे, राष्ट्र के प्रति प्रतिबद्ध रहे

भारत देश आजादी का पचहत्तर साल मनाते हैं, पर फिर भी भ्रष्टाचार उन्मूलन की बाते करते हैं, कैसी है यह विडम्बना, कि आज भी गृहार लगाते हैं।

अंग्रेज जाते-जाते हमें भ्रष्टाचार सीखा गए, घूसख़ोरी हमारी जड़ों में उतार खूब मजे लिए, नैतिकता की नीव को अंदर से हिला दिए।

भ्रष्टाचार एक दीमक है, जो बढ़ता ही जा रहा, महामारी से भी भयंकर लाइलाज़ बनता जा रहा, भारतवासियों अब जागो समय निकलता जा रहा।

भ्रष्टाचार से अमीरी-गरीबी का फासला बढ़ता जा रहा । किसान ऋण के बोझ से आत्महत्या करते जा रहे । रोज नए घोटालों से जनता जनार्दन डुबते जा रहे।

पर वक्त है, जागरूक हो, भ्रष्टाचार जड़ से उखाड़ फेंकेने को,

शिक्षा द्वारा नैतिकता और भ्रष्टाचार विरोध सीखाने को, प्रत्येक नागरिक प्रण ले अपने राष्ट्र के प्रति प्रतिबद्धता को, उत्तरदायित्व से भारत को विश्व में सर्वश्रेष्ठ बनाने को।

हमेशा जल्दी में रहते हो तुम!

किसी की आँख को, उसके यौवन की चमक दिखाना हो, किसी कमसिन को, उसके हुस्र का एहसास दिलाना हो, हमेशा जल्दी में रहते हो तुम!

किसी बूढ़े से कहना हो, कि सफ़ेद बालों के साथ-साथ, चेहरे की झुरियाँ कहती हैं, कहानियाँ कई हजार, हमेशा जल्दी में रहते हो तुम!

किसी भूले को उसकी भूल का स्मरण हो जाए, किसी का भ्रम टूटा है, ये आभास हो जाए, हमेशा जल्दी में रहते हो तुम!

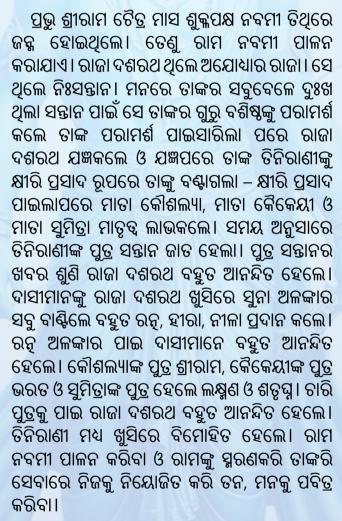

सब रूठ गए कुछ छूट गया, दिल अंदर-अंदर टूट गया, सब चुप थे मगर तुमने कह दिया, हे दर्पण! तुम अपना काम, आहिस्ता नहीं कर सकते? हमेशा जल्दी में रहते हो तुम!

ଶିବ ମଉସା ଗାଁରେ ପୂଜାପାଠ କରନ୍ତି। ଆମ ପାଖ ଗାଁରେ ତାଙ୍କର ବହୁତ ନାଁ। ବଡ଼ ବଡ଼ ମନ୍ଦିରରେ ପୂଜା କରିବା, ଘର ପ୍ରତିଷ୍ଠା କରିବା ଆଦି କାମରେ ମଉସାଙ୍କ ନାଁ ସବା ଆଗରେ। ପୂଜା ପାଠ କରିବା ପରେ ଚାଉଳ, ପରିବା, ଟଙ୍କା ସାଙ୍ଗକୁ ବିଭିନ୍ନ ଖାଦ୍ୟ, ମିଠା ସବୁ ତାଙ୍କୁ ମିଳିଥାଏ। ତେଣୁ ଚଳିବାରେ କିଛି ଅସୁବିଧା ହୁଏ

Cyber Security An Everyday Responsibility

Cyber Security is a critical concern in our interconnected world. All of us find the world like cyber scorrs cyber frauds to be scarry. We realise that we have some limitation in our knowledge base regarding the application and usage of computer system, laptop and mobile.

If we look into about our activities from morning to night we can understand that has much dependent we are on internet & its uses starting from searching a good morning quote or to online shopping by using flipkart, amazon, booking a train or flight ticket, booking cab using Ola Uber or using swigy & zomato app for ordering food or using urban company for aiding to household cleaning services.

One thing that comes into our mind is what cyber security actually is.

Mr. Bob Thomas who is the father of Cyber Security defined it as the practice of protecting systems network and programme from the digital attack or in other words it is the application of technological processes and controls to protect system network, programme device & data from cyber attack.

Its aim is to reduce the risk of cyber attack and protect our system from other unauthorised cyber attack.

Everyone who is connected to the internet needs cyber securities.

Cyber Security is used to defend internet connected devices and services from malicious attacks by hackers, spammers & cyber criminals.

The first cyber crime attack happened in France well before the internet was even invented. In 1834 attackers stole financial market information by accessing the french telegraph system.

We all must stay alert to prevent cyber crime by experting the following -

- 1. Creating Education and Awareness Programmes
- 2. Keeping the software updated
- 3. Enabling system firewall
- 4. Using different & strong passwords
- 5. Using antivirus & antimalware softwares
- 6. Activating "Emails antispam blocking" feature
- 7. Avoiding installation of unapproved application
- 8. Be receptive to right information
- Prevent identification theft when shopping online by using contact less payment
- 10. Keeping our children safe when using the internet.

Cyber Security is important in todays world. One can not ignore cyber security. One single security breach can lead to exposure of personal information to millions of people. Such breaches have a strong financial impact on the companies and also loss of the trust of customers. Hence cyber security is very much essential to protect the intigrity, identification of any individual or organisation at large from cyber attacks on any online platform as cyber security is a shared responsibility for everyone.

Save the Environment for the Future

Environment refers to the surroundings in which all life operates & sustains itself on Earth. So, it has to be of utmost importance for the people cap the environment clean, pure and healthy. Only then there can be qualitative growth and development of the society.

The environment is changing and the change has not been for the good for the eco system. The important factors that has affected the present environment are:

- a) Indiscriminate use of chemical fertilizers and pesticides in Agriculture field
- b) Alarming rise in petrol/diesel operated vehicles and electronic devices usage at domestic, office and commercial level
- c) Deforestation/Cutting of trees & construction of concrete jungles.
- d) Single use plastic being utilised on a very large scale
- e) Population explosion
- f) High technology adaptation in field of science, agriculture, engineering, IT, in a negative way.

All these above factors has led to:

- a) Pollution of air, water and soil
- b) Rise in temperature

- c) Depletion of ozone layer
- d) Green jungles replaced with concrete jungles

It is high time we realize that we have to stop developments at the cost of

our environment health. And steps have to be taken to save our soil, rivers and air we are breathing in. Only essay, debate competitions on topics of environment or celebration of World Environment day and Vanamahotsav week is not provide the solution.

It is for each one of the civilized person to realize the benefits of trees/plants, organic farming, organic food and also understand the hazardous effects of chemicals on life on earth.

We have to adopt alternatives that are eco-friendly like:

- a) Mass Plantation drive at all levels and in all sectors.
- b) Switching over to battery and electric operated vehicles.
- c) Optimum use of electronic devices.
- d) Commuting by Car/vehicle pooling and use of bi-cycles for short distance.
- e) Organic farming and promoting cultivation and consumption of millets that requires less water and minimum

- maintenance for its cultivation and is highly beneficial for our health.
- f) Say no to single-use plastic and substitute with cloth bags and other eco-friendly materials.
- g) Less use of paper by promoting digitization thereby protecting/saving the eucalyptus/Acacia plantations.

Our fore-fathers had given us a beautiful environment which has been

degraded in the name of industrialization and Hi-tech development.

It is our duty to handover an environment worth living to our future generations & practice sustainability in real sense.

So, let us promise ourselves to do our bit towards environment restoration, conservation and upgradation for our future generations.

Vote – Our Qualitative Participation

Introduction

Voting is the cornerstone of democracy, representing the voice of the people in choosing their leaders and shaping their governance. However, beyond its fundamental role in elections, voting embodies a

deeper essence – it is an act of qualitative participation, a means through which individuals engage with their communities, express their values, and contribute to societal progress.

The Power of Participation

Participation lies at the heart of democracy, empowering individuals to play an active role in decision-making processes. Through voting, citizens exercise their right to influence

the direction of their irrespective society, socio-economic their status or background. This participatory aspect of voting fosters inclusivity, ensuring diverse voices that are heard and considered in the

governance of a nation.

Democracy thrives on the principle of inclusivity, where every citizen's voice carries weight regardless of their social or economic status. Voting, therefore, becomes a powerful tool in ensuring that this principle is upheld. By participating in elections, individuals contribute to the collective decision-making process, shaping the policies and laws that govern their lives. This sense of empowerment

fosters a deeper connection between citizens and their communities, instilling a sense of ownership and responsibility for the well-being of society as a whole.

A Symbol of Civic Duty

Voting is not merely a right; it is a civic duty. By casting their ballots, citizens fulfil their responsibility towards their fellow compatriots and future generations. This sense of duty underscores the importance of voter turnout in sustaining a healthy democratic society. When individuals abstain from voting, they inadvertently diminish the collective strength of their community, weakening the foundation upon which democracy thrives.

The concept of civic duty emphasizes the reciprocal relationship between citizens and their government. Just as citizens are entitled to certain rights and freedoms, they also bear the responsibility of actively participating in the democratic process. This includes not only voting in elections but also staying informed about political issues, engaging in civil discourse, and holding elected officials accountable for their actions. By fulfilling their civic duties, individuals contribute to the vitality and resilience of democratic institutions, ensuring that they remain responsive to the needs and aspirations of the people they serve.

Fostering Accountability

In addition to shaping electoral outcomes, voting serves as a mechanism

representatives for holding elected accountable. By electing officials into office, citizens entrust them with the responsibility of representing their interests and upholding the values of the society. Through subsequent elections, voters have the power to evaluate the performance of incumbents and decide whether they merit another term in office. This accountability loop reinforces the notion that elected officials are servants of the people, obligated to govern in the best interests of their constituents.

Accountability is a cornerstone of effective governance, ensuring that those in positions of power are held accountable for their actions and decisions. By participating in the electoral process, citizens exert their influence over the composition and conduct of their government, thereby shaping the course of public policy and administration.

Ensuring Representation

One of the fundamental principles of democracy is representation – the idea that government should reflect the diversity of its populace. Voting enables individuals to select representatives who mirror their beliefs, experiences, and aspirations, thereby ensuring that the interests of various demographic groups are adequately represented in the corridors of power. This diversity of perspectives enriches the decision-making process, fostering innovation

and resilience in the face of complex challenges.

Promoting Social Cohesion

Beyond its instrumental value in governance, voting plays a crucial role in fostering social cohesion and solidarity. When citizens participate in the electoral process, they affirm their membership in a larger community bound by shared values and aspirations. This sense of belonging cultivates trust and cooperation among individuals from different walks of life, mitigating social divisions and promoting a sense of unity amidst diversity.

Social cohesion refers to the degree of connectedness and solidarity within a society, characterized by mutual trust, respect, and cooperation among its members. Voting serves as a powerful mechanism for promoting social cohesion by providing citizens with a common platform for expressing their collective will and aspirations. By participating in the electoral process, individuals reaffirm their commitment to the principles of democracy and civic engagement, thereby strengthening the bonds of community and solidarity that underpin a healthy and resilient society.

Overcoming Barriers to Participation

Despite its significance, voting is not always accessible to all members of society. Structural barriers such as voter suppression, disenfranchisement, and logistical challenges can hinder individuals from exercising their right to vote. Addressing these barriers requires concerted efforts to promote voter education, expand access to polling stations, and enact policies that facilitate voter participation, particularly among marginalized communities.

The Imperative of Engagement

In an era marked by political polarization and apathy, revitalizing our commitment to democratic participation is more crucial than ever. Beyond the act of voting itself, we must cultivate a culture of civic engagement that transcends electoral cycles. This entails fostering dialogue, promoting civil discourse, and empowering citizens to actively shape the decisions that affect their lives. By embracing our role as stakeholders in the democratic process, we can collectively steer our societies towards a future characterized by justice, equality, and prosperity.

Civic engagement refers to the active participation of citizens in the affairs of their community, encompassing a wide range of activities such as voting, volunteering, advocacy, and grassroots organizing. By engaging in civic life, citizens can become agents of change, working together to build a more inclusive, equitable, and democratic society for all.

Conclusion

Voting is not merely a procedural formality; it is a manifestation of our collective aspirations and values. As citizens, we hold the power to shape the course of our societies through our active participation in the electoral process. By recognizing the qualitative dimensions of voting – its role in fostering inclusivity,

accountability, representation, social cohesion, and civic engagement – we can reaffirm our commitment to the principles of democracy and pave the way for a more just and equitable future.

Title: Beyond Gifts and Selfies: A Reflection on the True Essence of Mother's Day

Mother's Day is a cherished occasion celebrated globally to honor and appreciate the profound influence of mothers in our lives. Mother's Day is typically celebrated on the second Sunday of May in many countries around the

world. This annual observance provides an opportunity for individuals to express their love, gratitude, and appreciation for the maternal figures in their lives. While the specific date may vary depending on cultural and regional traditions, the sentiment behind Mother's Day remains universal—a heartfelt tribute to the selfless love and sacrifices of mothers everywhere.

Mother's Day is more than just a day marked on the calendar—it's a poignant reminder of the immeasurable sacrifices, unconditional love, and unwavering devotion that mothers selflessly bestow upon their children. It's a

time to reflect on the countless sleepless nights, the tender care, and the boundless sacrifices that mothers make to nurture and protect their offspring.

As we celebrate Mother's Day, it's crucial to acknowledge the profound impact that mothers have had on our lives—their tireless efforts to ensure our well-being, their unwavering support in times of need, and their boundless love

that knows no bounds. It's a day to pause and reflect on the countless sacrifices that mothers make, often at the expense of their own dreams and aspirations.

For working mothers, Mother's Day serves as a poignant reminder of the sacrifices they've made to balance career and family responsibilities. Many working mothers have put their own ambitions on hold to prioritize the needs of their children, sacrificing career opportunities and personal aspirations to ensure their children's well-being and security.

In today's fast-paced world, it's all too easy to overlook the sacrifices that mothers make on a daily basis. In our pursuit of success and personal fulfillment, we often fail to appreciate the sacrifices that mothers have made to nurture and support us. It's a sobering reality that many of us take for granted the countless sleepless nights, the endless hours of care, and the boundless love that mothers have showered upon us throughout our lives.

Furthermore, as our parents grow older, it's essential to recognize the importance of cherishing the time we have with them. Too often, we become consumed by our own lives, neglecting the emotional needs of our aging parents. We fail to recognize the sacrifices they've made for us, the countless opportunities they've forgone to ensure our happiness and well-being.

Instead of embracing the opportunity to spend quality time with our aging parents, many of us opt to place them in nursing homes or old age homes, rationalizing our decision as a matter of practicality. However, it's crucial to recognize that true reciprocity lies not in material gestures or financial support but in the emotional connection and companionship that we provide to our aging parents.

As we celebrate Mother's Day, let us take a moment to reflect on the profound impact that mothers have had on our lives—their unwavering love, their boundless sacrifices, and their tireless efforts to ensure our happiness and wellbeing. Let us cherish the time we have with our aging parents, recognizing the importance of emotional connection and companionship in our relationships.

In conclusion, Mother's Day is a time to honor and appreciate the remarkable women who have shaped our lives in countless ways. It's a time to acknowledge the sacrifices that mothers have made and continue to make for their children, and to recognize the importance of cherishing the time we have with our aging parents. Let us celebrate Mother's Day not just with gifts and selfies but with heartfelt gratitude and a renewed commitment to honoring the profound impact of maternal love in our lives.

As we celebrate Mother's Day, let

us also reflect on the values that define our society and culture. In an era where traditional family bonds are being challenged by Western influences, it is essential to preserve the essence of our Indian heritage—a culture that places utmost importance on familial bonds and respect for elders.

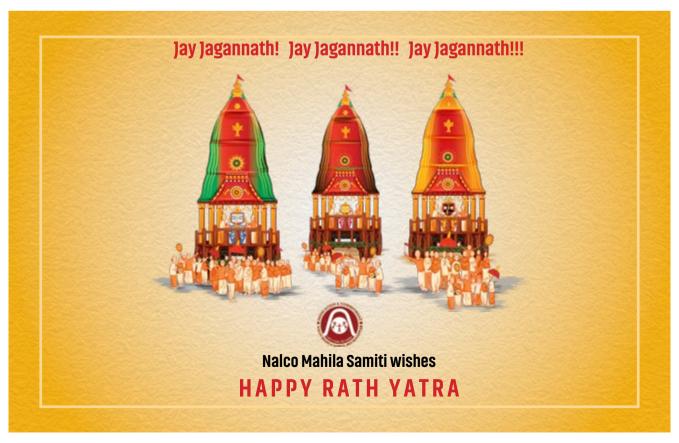

Let us strive to instill these cherished values in our children, teaching them the importance of family, respect, and emotional bonding. By leading by example and nurturing strong connections with our own parents, we set a powerful precedent for the next generation to follow.

As the saying goes, "As we sow, so shall we reap." By prioritizing our relationships

with our parents and fostering a culture of love and respect within our families, we pave the way for a society enriched with enduring values and deep emotional bonds.

On this Mother's Day, let us commit ourselves to preserving our cultural heritage and strengthening the bonds that unite us as families. Let us honor the sacrifices and love of our mothers by embracing the timeless values of compassion, respect, and family unity. In doing so, we ensure a brighter future for generations to come, rooted in the enduring principles of our rich Indian culture.
