4.9.5 Internet Bank Mandate along with Cancelled Cheque (all in original) as per Annexure-C10.

**4.9.6 The party, if registered with NSIC/MSME, then they should submit the documentary proof of the same mandatorily.**

**Copy of all these above documents are also required to be uploaded in GeM Portal along with Bid documents.**

**4.10 Clarifications, if any, regarding this tender can be obtained from the undersigned through mail or phone no. at Pg-8 before the TSD.**

4.11 After downloading / getting the tender schedules, the bidder should go through them carefully and then submit the documents as asked. If there are any clarifications, this may refer online through the tender site, or through the contact details. Bidder should consider the corrigendum published before submitting the bids online. Bidders in their own interest should get ready in advance to submit the bid documents as indicated in the tender schedule. These documents should be in PDF / XLS / RAR / DWF formats. If there is more than one document, they can be clubbed together.

4.12 Bidder should clearly fill up the PQC Technical (Detailed work order and execution statistics) (**Annexure-C6**) and ~~Details of present commitments of the tenderer (**Annexure-C8**) for his offer evaluation. Suppression of credential / facts may lead to penal action as per procedure.~~

4.13 It is mandatory for the bidder to fill up the **Annexure-C19** and **Annexure-C20** (regarding declaration of the relatives in Nalco) and **Annexure-C3** (Deviation statement to the tender terms and conditions) and **Annexure-C4** (Declaration by the bidder) while submitting the offer.

4.14 Bidder should check his mail and GeM portal for any information regarding tender from time to time.

4.15 In case any specific adverse report is found against any bidder during enquiry about the statement made / credential submitted along with the offer documents in respect of capabilities, spare capacities, performance, completion certificates and criminal background of the bidder, the offer submitted by such bidder shall be rejected and penal action as deemed fit may be initiated.

4.16 If the bidder submits the bid in manual form (if permitted categorically in the tender), he should have already registered in the tender site and he shall have to mention the registration ID in the bid submitted otherwise his tender will not be considered.

4.17 Nalco reserve the right to seek any document / information at later stage in respect of evaluation of bid which the bidder must submit failing which the bid may be rejected.

## 5 Bid Evaluation

- 5.1 Evaluation will be done strictly in line with the facilities available under government website [www.gem.gov.in](http://www.gem.gov.in) i.e. based on documents uploaded by the bidder as per PQC. In case of non-compliance to the PQC requirement, i.e. any shortfall documents arise out of submitted technical as well as commercial credential submitted within tender submission date, bidders will be given normally one chance under GeM portal to upload shortfall documents within a stipulated date. No new documents would be called up as part of PQC experience documents.
- 5.2 The technical acceptability will be strictly as per matching of PQC with submitted work credential by the bidder
- 5.3 In case any specific adverse report is received against any bidder and proved to be correct after enquiry about the statement made / credential submitted along with the offer documents in respect of capabilities, spare capacities, performance, completion certificates and criminal background of the bidder, the offer submitted by such bidder shall be rejected and penal action as deemed fit may be initiated.
- 5.4 ~~Concurrent commitment: – The concurrent commitments of bidder on various jobs under execution by the bidder will be considered to assess the spare capacity available with the bidder. The bidder must confirm that they have disclosed all the works being executed by them in the offer. If the annualized concurrent commitments of the bidder plus annualized estimated value of the work (for single agency)/ annualized estimated maximum percentage of work in split case under consideration (for multiple agency) exceeds four times the average annual turnover of the bidder during the last three Financial Years, then the price bid of such a bidder shall not be recommended for opening as the bidder may not have adequate resources to execute the tendered work. Suppression of fact /data regard to jobs under execution will be considered as gross violation and rejection of bid including penal action such as banning/ blacklisting, as deemed fit. [Not applicable for this tender]~~
- 5.5 **In-house information for assessment of capability of bidder and their performance on jobs completed / in progress at NALCO shall be considered for evaluation purpose. In case of poor performance, the offer from such bidders shall not be evaluated.**
- 5.6 Nalco reserve the right to seek any document information at later stage in respect of evaluation of bid which the bidder has to submit failing which the bid may be rejected.
- 5.7 In case the Bidder submits the work experience as a sub-contractor (of the Main Contractor), approval from the Principal agency/Client, against application submitted by Main Contractor, needs to be submitted along with the Bid.

## 6 Ordering

- 6.1 On selection of Vendor for award of work, necessary internal approval processes will be completed, and during the said process, the Vendor Master data will be cross checked with documents like PAN Registration Certificate, GST Registration Certificate, Signed & Cancelled Cheque (with Name, Account No and IFSC Code printed on the Cheque) duly authenticated by the Vendor and attached to ANNEXURE- C10.
- 6.2 In normal circumstances the party in whose favor the work is awarded shall be issued with LOI. The party shall have to enter into an agreement in writing on non-judicial stamp paper of appropriate value as laid down in the GCC. The agreement normally consists of LOI, BOQ at the accepted rate, complete bid document, Schedule of Agreed Variation (if any) etc. The documents such as, correspondences, minutes of meeting, (if held with the party) etc. shall also form part of the contract agreement if required. On execution of Agreement a Detailed Order will be issued.

**ANNEXURE-A8**

**GENERAL GUIDELINE TO BIDDER ON REVERSE AUCTION**

1. If a bidder does not participate in the Reverse Auction, the price quoted by him in the price bid shall be considered as the valid price of that bidder. The inter-se position of the said bidder shall be considered based on their position on completion of reverse auction.
2. **Price bid shall be opened at 10.00 Hrs. on DD/MM/YYYY and Reverse Auction shall commence at *Not applicable* Hrs. and shall remain open for minimum *Not applicable* hours.**
3. Starting bid price shall be the L-1 offer price received against the tender.
4. **Bid Decremental Value shall be *Not applicable* /- (which is @ *Not applicable* % of the declared estimated value).**
5. Auto Extension Time shall be fixed at 10 Minutes
6. Other relevant parameters shall be displayed in the GeM Portal reverse auction window.
7. GeM Portal Server time shall be the basis of Start time & Closing time for bidding and shall be binding for all.
8. Auction flow is started and is closed after completion of the process. Once the Auction process is initiated the system takes over for auto auction activity. Then, comparison chart is generated.
9. The bidders to participate in tender-cum-auction process in GeM Portal, has to log into GeM Portal (i.e. <https://gem.gov.in>) with DSC to access the application and quote from their own offices/place of their choice. Once logged in, the software gives them a platform to place bids.
10. All electronic bids submitted during the reverse auction process shall be legally binding on the bidder. The bid values submitted by the bidder are digitally signed by the bidders before submitting. The bidder, after initial submission of a bid, cannot subsequently increase the bid. They can only reduce their bid by the minimum permissible decrement or its multiples. The last bid submitted by the bidder in the Reverse Auction will be considered as the valid price bid offered by that bidder and will be the basis for evaluation / acceptance by Nalco.
11. System displays L1 landed price in auction creation form and allows TIA to edit the value as 'start bid' price. Normally, TIAs will enter the L-1 Price as the start bid price.
12. **Elapsed time:** Shall be fixed at ten minutes. There will be auto extensions of time, every time, (by ten minutes) in case of any reduction recorded in the last auto-extension-time-duration. The reverse auction will come to a close only when there is no further reduction recorded in the last ten minutes slot.
13. **Maximum Seal Percentage:** It is the maximum reduction that can be allowed in the bidding process in a single go. Higher reduction will not be allowed by the system. This protects any possible mistakes by bidders. For any higher discount, the bidder has to repeat the action and the system allows it.
14. Only the chronologically last bid submitted by the bidder till the end of the auction shall be considered as the valid price bid of that bidder. Any bid submitted earlier by the bidder prior to submission of his last bid will not be considered as valid price bid.

  - 2.1 Local content means the **amount of value added in India** which shall, unless otherwise prescribed by the nodal ministry, **be the total value of the item procured** (excluding net domestic indirect taxes) **minus the value of imported content in the item** (including all customs duties) **as a proportion of the total value, in percent.**
  - 2.2 Class I local supplier means a supplier or service provider whose goods, services or works offered for procurement has local content equal to or more than 50%, as defined at cl. 2.1above.
  - 2.3 Class II local supplier means a supplier or service provider whose goods, services or works offered for procurement has local content equal to or more than 20% but less than 50%, as defined at cl. 2.1above.
  - 2.4 Non-local supplier means a supplier or service provider whose goods, services or works offered for procurement has local content less than 20%, as defined at cl. 2.1above.
  - 2.5 '**Margin of purchase preference**' means the maximum extent to which the price quoted by a "Class-I Local supplier" may be above the L1 for the purpose of purchase preference. The margin of purchase preference shall be 20% against the tender.
- 3.0 Subject to the provisions of the above order and to any specific instructions issued by the Nodal Ministry or in pursuance of this order, purchase preference shall be given to 'Class-I Local supplier' in procurement undertaken by procurement entities in the manner specified here under:-

**CASE-I (FOR DIVISIBLE QUANTITY):** All the provisions of the order No.P-45021/2/2017-PP(BE-II) dtd. 16.09.2020 shall be applicable for this tender towards purchase preference.

However, in case of participation by MSE & ancillary units, the tender quantity reserved for MSE & ancillary units as per purchase preference policy of NALCO for MSEs as mentioned in the tender document shall take precedence over the purchase preference against the above mentioned order (to be mentioned, if applicable).

- 4.1 In the procurement of goods or works which are divisible in nature, the 'Class-I Local Supplier' shall get purchase preference over 'Class-II local supplier' as per the following procedure:
  - a) Among all qualified bids, the lowest bid will be termed as L1. If L1 is 'Class-I local supplier', the contract of full quantity will be awarded to L1.
  - b) If L1 bid is not a 'Class I local supplier', 50% of the order quantity shall be awarded to L1. Thereafter, the lowest bidder among the 'Class I Local supplier' will be invited to match the L1 price for the remaining 50% quantity subject to Class-I local supplier's quoted price falling within the margin of purchase preference and contract for that quantity shall be awarded to such 'Class-I Local supplier' subject to matching the L1 price. In case such lowest eligible 'Class-I Local supplier' fails to match the L1 price or accepts less than the offered quantity, the next higher 'Class-I Local supplier', within the margin of purchase preference shall be invited to match the L1 price for the remaining quantity and so on and the contract shall be awarded accordingly. In case some quantity is still left uncovered on 'Class-I Local supplier, then such balance quantity may also be ordered on the L1bidder.

4.2 'Class-II local supplier' will not get purchase preference in any procurement undertaken by procuring entities.

**CASE-11(FOR NON-DIVISIBLE QUANTITY):** All the provisions of the order No. P-45021/2/2017-PP(BE-II) dtd. 16.09.2020 shall be applicable for this tender towards purchase preference.

4.3 In the procurement of goods or works which are not divisible in nature, the 'Class-I Local Supplier' shall get purchase preference over 'Class-II local supplier' as per the following procedure:

- a) Among all qualified bids, the lowest bid will be termed as L1. If L1 is 'Class-I local supplier', the contract will be awarded to L1.
- b) If L1 bid is not a 'Class I local supplier', the lowest bidder among the 'Class I Local supplier' will be invited to match the L1 price subject to Class-I local supplier's quoted price falling within the margin of purchase preference and contract shall be awarded to such 'Class-I Local supplier' subject to matching the L1 price.
- c) In case such lowest eligible 'Class-I Local supplier' fails to match the L1 price, 'Class-I Local supplier' with the next higher bid within the margin of purchase preference shall be invited to match the L1 price and so on and contract shall be awarded accordingly. In case none of the 'Class-I Local supplier' within the margin of purchase preference matches the L1 price, the contract may be awarded to the L1 bidder.

4.4 'Class-II local supplier' will not get purchase preference in any procurement undertaken by procuring entities.

#### 5.0 Verification of local content.

**5.1** The 'Class-I local supplier'/ 'Class II-local supplier' at the time of tender, bidding or solicitation shall be required to indicate percentage of local content and provide self-certification that the item offered meets the local content requirement for 'Class-I local supplier'/ 'Class II-local supplier', as the case may be. They shall also give details of the location(s) at which the local value addition is made. **Declaration to be given in the format attached/enclosed below.**

**5.2** In case of procurement for a value in excess of Rs.10 crores, the 'Class-I local supplier'/ 'Class II-local supplier' shall be required to provide a certificate from the statutory auditor or cost auditor of the company (in the case of the companies) or from a practicing cost accountant or practicing chartered accountant (in respect of suppliers other than companies) giving the percentage of local content.

**5.3** Decisions on complaints relating to implementation of this order shall be taken by the competent authority which is empowered to look into procurement-related complaints relating to the procuring entity.

**6.0 Only "Class-I local suppliers and Class-II local suppliers", as defined under the order, shall be eligible for participation against this tender. The offers of 'Non-Local Suppliers' shall not be considered for evaluation against this tender.**

**Compliance of Public order on Restrictions under Rule 144 (xi) of the General Financial Rules (GFRs), 2017 and ORDER NO:F.No.6/18/2019-PPD DATED 23/07/2020 & 24/07/2020**

**DEFINITIONS**

1. GOI vide Order (Public Procurement No.1, 2 & 3) dated 23 Jul 2020 & 24 Jul 2020 has imposed Restrictions under Rule 144 (xi) of the General Financial Rules (GFRs), 2017 on bidders from a country which shares a land border with India.
2. "Bidder" for the purpose of this Order (Public Procurement No.1, 2 & 3) (including the term 'tenderer', 'consultant' 'vendor' or 'service provider' in certain contexts) means any person or firm or company, including any member of a consortium or joint venture (that is an association of several persons, or firms or companies), every artificial juridical person not falling in any of the descriptions of bidders stated hereinbefore, including any agency, branch or office controlled by such person, participating in a procurement process
3. "Bidder from a country which shares a land border with India" for the purpose of this Order (Public Procurement No.1, 2 & 3) means
  - a. An entity incorporated, established or registered in such a country; or
  - b. A subsidiary of an entity incorporated, established or registered in such a country; or
  - c. An entity substantially controlled through entities incorporated, established or registered in such a country; or
  - d. An entity whose beneficial owner is situated in such a country; or
  - e. An Indian (or other) agent of such an entity; or
  - f. A natural person who is a citizen of such a country; or
  - g. A consortium or joint venture where any member of the consortium or joint venture falls under any of the above

**Note:** "Beneficial owner" for the purpose of above paragraph (3) will be as under:

- i. In case of a company or Limited Liability Partnership, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person(s), has a controlling ownership interest or who exercises control through other means.

**Explanation**

- a) "Controlling ownership interest" means ownership of, or entitlement to, more than twenty-five per cent of shares or capital or profits of the company;
- b) "Control" shall include the right to appoint the majority of the directors or to control the management or policy decisions, including by virtue of their shareholding or management rights or shareholder's agreements or voting agreements;
- ii. In case of a partnership firm, the beneficial owner is the natural person(s) who, whether acting alone or together, or through one or more juridical person, has ownership of entitlement to more than fifteen percent of capital or profits of the partnership;
- iii. In case of an unincorporated association or body of individuals, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person, has ownership of or entitlement to more than fifteen percent of the property or capital or profits of such association or body of individuals;

- iv. Where no natural person is identified under (i) or (ii) or (iii) above, the beneficial owner is the relevant natural person who holds the position of senior managing official;
- v. In case of a trust, the identification of beneficial owner(s) shall include identification of the author of the trust, the trustee, the beneficiaries with fifteen percent or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.
- vi. "Agent" for the purpose of this Order (Public Procurement No.1, 2 & 3) dtd. 23 Jul 2020 & 24 Jul 2020 is a person employed to do any act for another, or to represent another in dealings with third persons.

**Rule: Following shall be complied by the Bidders of the said countries while submitting bids.**

- A) Any bidder from a country who shares a land border with India will be eligible to bid in this tender only if the bidder is registered with the Competent Authority. The Competent Authority for the purpose of registration under this Order shall be the Registration Committee constituted by the Department for Promotion of Industry and Internal Trade (DPIIT). However, Order will not apply to bidders from those countries (even if sharing a land border with India) to which the Government of India has extended lines of credit or in which the Government of India is engaged in development projects. Lists of countries to which lines of credit have been extended or in which development projects are undertaken are given in the website of the Ministry of External Affairs. This order shall also not apply to procurement by Indian missions and by offices of government agencies / undertakings located outside India.
- B) **The Bidder shall have to submit declaration / certificate as per the attached Format towards compliance of Public Order on Restrictions under Rule 144 (xi) of the General Financial Rules (GFRs), 2017. B)**
- C) For works contracts, including Turnkey contracts, the successful bidder shall not be allowed to sub-contract works to any contractor from a country which shares a land border with India unless such contractor is registered with the Competent Authority. The definition of "Contractor from a country which shares a land border with India" shall be as in paragraph (3) above.

## 1.3 **WORKS TO BE CARRIED OUT MONTHLY:**

At present there are 952 Nos. of window and 688 Nos. of split A/Cs under purview of Electrical Repair Shop which are scattered throughout the plant and township. Total equipment-months reflected in the BOQ (vide A.1 & A.2) will be executed in 24 months. Vendor is allowed to do monthly servicing of maximum 85% of the above mentioned quantity of window & split A/Cs subject to condition that total equipment months (max.) for window & split A/Cs in 2 years will be 19040 Nos. & 13760 Nos. respectively. However in case of under execution (i.e. less than 85% of 952 Nos. of window and less than 85% of 688 Nos. of split A/Cs), payment towards monthly servicing of A/Cs shall be made at actual. In subsequent month the left out machines will be serviced first before doing any service repetition of machines unless otherwise emergency situation arises &/or as per direction of engineer-in-charge.

Few machines are installed at dusty & fume environment which may warrant servicing of 2/3 times a month depending on site requirement &/or as per direction of EIC/MIC to meet the desired performance. The contractor will make a schedule to comply with the service & maintenance in a prescribed format of all the machines accordingly & take custodian's/occupant's signature thereof. A copy of all such filled up Service report is to be produced before authorized representative of NALCO for record purpose.

For locations where customer/user is not there/available, the said format will be signed by NALCO representative on the same day on production of sufficient justification from the contractor.

Following Works to be carried out during monthly servicing:

- i) Cleaning of air filter & grille
- ii) Cleaning of cooling / evaporator coil
- iii) Cleaning of condenser coil
- iv) Lubrication of blower fan motor, if required and ensuring that it is not abnormally heated up and working smoothly.
- v) Checking of all Electrical spares/ safety controls, wiring of AC units & Tightening of all electrical connections/terminals, if required
- vi) Noise observation & record, in case found abnormal
- vii) Checking cooling performance and efficiency
- viii) Current drawn by each machine
- ix) Checking of thermostat setting limits for proper temperature control, in case found defective to be replaced with new one.
- x) Checking / replacing movable louver swing motor
- xi) Checking of grille outlet temperature.

#### 1.4 WORKS TO BE CARRIED OUT YEARLY

**Capital maintenance** & thorough over hauling of all A.Cs including painting of cell cover, wherever possible or as directed by engineer in- charge, will have to be done once in a year during Off-season(Nov-Feb) & the same is to be recorded in NALCO's prescribed format.

- (a) All the works stipulated under monthly schedule are to be carried out.
- (b) In addition to this, the job includes complete dismantling of A/Cs, washing and cleaning all parts by water and soap solution or any other suitable cleaning agent, greasing of rotating parts, cleaning of cooling coil & condenser coil by eco-friendly de-scaling/degreaser compound.
- (c) Wherever Body, condenser coil housing, cooling coil housing & cell cover requires minor repairing, it is to be carried out by the contractor. Required sheet metals/MS angles will be supplied by NALCO free of cost.
- (d) Painting of each A/C body completely including cover of the machine, if calls for.  
For painting of the each a/c body including chassis, base plate tray & shell cover of machines installed at corrosion prone area, rubber / epoxy paint is to be used. Required paint & thinner will be supplied by NALCO free of cost.
- (e) Cleaning of grilles, louvers by water & soap solution or suitable cleaning agent. All the required materials/consumables (such as cleaning/painting brush, soap/cleaning agent, de-scaling compound, lube oil etc.) will be supplied by Vendor free of cost.

#### Note :

- 1) If any material, tools, plants, instruments or any other consumables such as de-scaling compound / cleaning agent etc. are required to carry out above maintenance, the same is/ are to be arranged by the contractor at his own cost. NALCO will not provide anything to the contractor including consumable or non- consumable parts whatsoever except those which are clearly indicated elsewhere under NALCO's scope.
- 2) Vendor/his authorized representative has to fill up a prescribed format after yearly wet servicing/over hauling for each A/c is done & take custodian's/occupant's signature thereof. A copy of all such filled up Service report is to be produced before authorized representative of NALCO for record purpose.
- 3) For locations where customer/user is not there/available, the said format will be signed by NALCO representative on the same day on production of sufficient justification from the contractor.

#### 1.5 SPARES & CONSUMABLES:

##### 1.5.1 In the scope of Contractor:

- a) The contractor shall have to keep sufficient stock of spares of each type of air conditioner (installed in NALCO) including compressor, fan motors, capacitors, refrigerant, swing motors, knobs, thermostats, multiple contact selector switches, **PCBs/Inverter PCBs** etc. & other consumables such as refrigerant gas etc. to render proper service on daily basis & trouble free manner. The same stock spares are to be used during breakdown of the machines (pertaining to A.1 & A.2 activities of BOQ) to minimize the down times of the machines. A tentative list of spares & consumables covered under vendor's scope is attached at Annexure-Y & Z respectively for vendor's guideline / reference, but should not be construed as limiting by which vendor can be absolved from making the defective machines ready. The capacitors supplied by the vendor should be burst proof (P-2 type) and self-healing type of reputed make such as EPCOS, TIBCON, SARDA or equivalent.

**b) Maintaining Spare A/Cs Stock Level at ERS Work Shop:**

Party will try to maintain always a spare stock pool of minimum 40-50 machines, in workable condition, of different type, make, tonnage & models in ERS work shop at any point of time. In no case the stock level of workable machines should go below 25 Nos. (20 Window & 5 Split AC of 1.5/2 tonnage capacity) at any given point of time. Minor breakdown/repairs will be attended by the contractor at site itself. In case of any major breakdown, which cannot be rectified at site, then taking the consent of Engineer-in-charge/his authorized representative, party may take one spare a/c of that particular type/make/size/tonnage as that of defective one from the spare a/c stock pool & will replace it at site. The defective A/c as decided after joint inspection is to be repaired by the contractor at ERS workshop and make it ready within a reasonable time. The party will make every effort to rectify/repair/over haul the defective A/c complete in all respect including painting within minimum time including supply of spares, if required & put the rectified machine as quick as possible to the spare machine pool maintained at ERS, Smelter Plant site of NALCO. In no case the elapsed time frame should be later than one week time. After the machine is repaired, it is the responsibility of the contractor to show & satisfy the Nalco representative regarding the quality of repair/ spare parts used/ workmanship of the machine.

- c) In case of **reciprocating compressor** failure, the contractor shall have to replace the failed compressor with another new one of same type, capacity & performance from the original manufacturers only under factory replacement/buy back scheme. In case factory replacement is not possible, then vendor has to replace it by new compressor through procurement from factory/ market on buy back scheme without imposing any additional cost to NALCO.
- d) In case failure of **rotary compressor** the contractor shall have to replace with a new compressor of similar type, capacity & performance from original manufacturer only under factory replacement/buy back scheme without any additional cost implication to NALCO.
- e) In case NALCO doesn't opt for compressor replacement (against machines coming under scope of this contract) as per Cl. No. 1.5.1[(c) & (d)] of Scope of Work, then the Party will allow a credit of Rs.4000/- against compressor + Rs.1000/- against components from his bill towards cost of each damaged/defective compressor & other components respectively for the said A/C in case it is written off owing to ageing / obsolescence / irreparable conditions.
- f) Adequate numbers of electrical /electronic control unit (PCBs/inverter PCBs) of window/split A/Cs as per Annexure-Y should be made available by the Contractor at ERS site store to meet the breakdown maintenance, failing which the same shall be arranged from other agencies at the risk and cost of the contractor.

**Note:**

1. No cut weld or locally-repaired compressors will be accepted as replacement.
2. Each such replaced compressor should carry a minimum warranty of one year from the date of supply & acceptance at site. Warranty certificate from original manufacturer/supplier is to be furnished for replaced / newly purchased compressors.
3. In case the failed compressor type &/or model is out of production range with the manufacturer, the same should be replaced with a new compressor of similar type, capacity & performance without imposing any additional cost to NALCO. In such case the requisite refrigerant pipe &/or capillary tube modifications, if any, to accommodate different (from original) type of compressor in the machine will be done by the contractor free of cost including supply of required materials & contractor will make all such arrangements/efforts to ensure desired cooling output from the machine after fixing the said compressor.

### 1.5.2 In the scope of NALCO:

- (1) Replacement of cooling/condenser coil, if called for will be carried out by the contractor as & when required or as per decision of Engineer-in-charge. No additional cost towards fixing the coil including supply & charging of refrigerant shall be paid to the Party except the cost of coil cited at Part-D [Item Sl. No.D.1 to D.4] of Bill of Qty. & Rate Schedule.
- (2) For movement/transportation of A/Cs as per site requirement, vehicle/ hand driven trolley will be provided by NALCO **free of cost** subjected to availability. All due care is to be taken by the contractor for safe handling of the machines during transportation/movement from place to place. During exigencies/non-availability of NALCO vehicle, vendor has to arrange for requisite transport facility at his own cost.
- (3) Oxygen & DA gas cylinders only (except regulator, brazing/cutting torch/flash back arrestors& brazing Sticks etc..) will be provided by NALCO for gas cutting / brazing jobs while working inside the plant free of cost to the contractor, subject to availability. Appropriate regulator, brazing/cutting torch, flash back arrestor both at regulator end & torch end, brazing sticks etc. are to be provided by the vendor without imposing any additional financial implication over NALCO. During carrying out the welding/brazing works outside the plant premises/in case of exigencies/non-availability of the gas cylinders at NALCO, vendor has to arrange it at his own cost.

### 2.0 Part-B: (Installation of Window & Split A/Cs)

The job under this category involves installation & commissioning of new/old air conditioners as per site requirement &/or direction of Engineer-in-charge as & when required. Vendor will make necessary arrangement [ such as cutting & finishing existing wall/window grille with sand/cement plaster, fixing of wooden frame or iron angle frame, fixing wooden ply & sun mica, making hole on wall for refrigerant/drain pipe, clamping & dressing of refrigerant/drain pipe on wall, closing of holes with white cement, making electrical connection of A/c with nearby starter/MCB( electrical wiring up to starter/MCB incoming including supply of material will be done by NALCO ) ] will be done by vendor for installation, testing & commissioning of new/old A/Cs at new locations or existing locations as per direction of MIC (Manager-in-charge) of various plant sites, township & places/offices of other statutory authorities of Govt. outside plant premises. Vendor should wrap the refrigerant copper pipes with insulation and vinyl tape to make it intact. Payment to the party will be made on **one time basis** as per item rate cited at Part-B [(Installation of Window & Split A/Cs, vide Item No.B.1 to B.5] of Bill of Qty. & Rate Schedule towards installation charges after completion in all respect & submission of report thereof. All the materials such as sand, cement, wooden frame, sun mica, adhesive etc. (except those which are specifically mentioned under NALCO's scope) will be provided by contractor without additional financial implication to NALCO. Vendor has to quote accordingly taking these supply materials into account against item No.B.1 to B.5 of Bill of Qty. & Rate Schedule. After commissioning& handing over to the contractor, these machines may require periodic service maintenance as per direction of MIC. However total No. of equipment month in two years will remain unchanged as stipulated in the BOQ (vide A.1 & A.2)

### 2.1 Installation of Window A/C Over Wall ::

Installation involves wall cutting & civil structural work, finishing, making of wooden frame made out of 2" X 2" size seasoned Sal wood, fixing the frame including required masonry work, fixing ply wood & sun-mica on it, fitting the complete machine, doing associated electrical wiring from starter point up to air conditioner with commissioning & testing of the machine etc. All debris collected in this process shall have to be removed & area is to be cleaned. Supply of all the material required for this type of installation is in the scope of vendor, vendor will be paid as per item rate cited at Part-B [(Installation of Window & Split A/Cs, vide Item No.B.1)] of Bill of Qty. & Rate Schedule.

## 2.2 Installation of Window A/C Over Window Grille:

Installation will be made on the window grille where there is no suitable space available on the wall & in that case grille cutting, making the frame out of M.S. angle, fixing, fitting the complete machine, doing associated electrical wiring from starter point with commissioning & testing of the machine etc. will be under scope of the contractor. All debris collected in this process shall have to be removed & area is to be cleaned by putting the debris in the designated place. Requisite M.S angles & welding machine only, will be provided by NALCO free of cost except Welding Electrodes & gouging rod which are to be arranged by the vendor at his own cost. Vendor will be paid for the installation as per item rate cited at Part-B [(Installation of Window & Split A/Cs, vide Item No.B.2)] of Bill of Qty. & Rate Schedule.

## 2.3 Re-installation of Window A/C over wall/window grille:

In case a window A/C needs to be installed where wall/grille cut out already exists, vendor will be paid as per item rate cited at Part-B [(Installation of Window A/C, vide Item No.B.4)] of Bill of Qty. & Rate Schedule.

## 2.4 Installation of Split A/C :

Installation involves making hole on the wall(s) for refrigerant & drain pipes, finishing of those walls after cutting of holes, proper laying & clamping of refrigerant pipe, drain pipe, power cable, fixing the indoor unit, fixing the outdoor unit over brick & cement pedestal with grouting bolt or over M.S angle frame grouted on the wall, laying of the refrigerant pipe with insulation cover and wrapping with appropriate tapes, doing associated electrical wiring from starter point, commissioning & testing, removing the debris generated in the process etc. However, brick & cement pedestal, M.S angle, power cables, extra refrigerant copper pipes, if required, will be provided by Nalco **Free of Cost**. However, if the extra copper pipe is not available with NALCO, party may be asked to supply the same for which he will be paid as per the item rate quoted by the Party against item No. D11 to D.19 during bidding. Supply of all the materials except above is in the vendor's scope, vendor will be paid as per item rate cited at Part-B [(Installation of Window & Split A/Cs, vide Item No.B.3)] of Bill of Qty. & Rate Schedule. Vendor should do the hole cutting on the wall with suitable wall cutting machine & put a suitable PVC pipe in the hole and do proper finishing so as to make the installation more aesthetic.

## 2.5 Re-installation of Split A/C (Vide B.5 of BOQ):

In case an existing installed Split A/C requires shifting and re-installation from one location to another, vendor shall carry out the job (including dismantling, shifting & re-installation) at new location & will be reimbursed as quoted against item No.B.5 of Bill of Qty. & Rate Schedule. In case, additional quantity of cable, refrigerant pipe, nitrile rubber insulation, drain pipe, ODU stand, vinyl tape is/are required, if any, shall be provided by NALCO free of cost. However, in case of non-availability of copper pipe/insulation/vinyl tape with NALCO, Party may be asked to supply the same against Item No. D11 to D.19 of BOQ & Rate Schedule. Vendor has to do proper finishing of the holes made in the walls, dressing of cables & refrigerant pipe/drain pipe keeping the aesthetic look of the installation in view.

## Part-C:

The job under this category is primarily an one time job & one time payment will be made on pro rata basis which are categorized as Part-C(a) (One time repair items) and Part-C(b) (Items neither covered under warranty of Supplier nor covered under AMC list).

### Part-C. (a)(One Time Repair Items):

The job under this category is primarily an one time job & one time payment will be made as per item rates quoted by prospective contractor (during submission of bid) against item No.C.1 to C.6 of Part-C & item No.E.1 to E.27 of Part-E of Bill of Qty. & Rate Schedule in line with materials supplied &/or works executed, as the case may be as per site situation. During the time of handing over of the machines to the prospective contractor, if any machine/some machines of previous contract is/are found defective, the prospective contractor shall repair those machine(s) and after repair shall take over those machines into his AMC list of Regular Items cited under Part-A. Afterwards the contractor shall do periodic regular service maintenance as per schedule cited at Part-A above. The charges for such repairs shall be paid to prospective contractor on one time basis as per the item rate quoted at the time of bidding.

**Note:**

- 1) Quantity cited against Part-C [Item No.C.1 to C.6] & Part-E [Item No.E.1 to E.27] of Bill of Qty. &Rate Schedule are only for indicative and item rate purpose. However, during execution, the quantity may vary widely and contractor is bound to supply & execute at the same rate for the whole quantity as required. However, payment will be made to the prospective contractor on one time pro-rata basis as per actual Quantity supplied/consumed.
- 2) 2)In case the low cooling results from weak compressor &/or compressor found to be weak, due to prolonged running in gas leakage condition, the said compressor is to be replaced with appropriate type & capacity of compressor, against which vendor will be paid as per item rate cited at Bill of Qty. &Rate Schedule[Part-C, vide Item Sl.No.C .4] towards Works& as per item rate cited at Part-E [ Item Sl.No.E.1 to E.4] of Bill of Qty. &Rate Schedule towards Supply at actual.

**Part-C. (b) (Items neither covered under warranty of Supplier nor under regular Item List of AMC):**

If situation calls for, there could be few of the machines which are neither covered under regular item list of AMC (i.e, not handed over to prospective contractor) nor under warranty of supplier/Original Equipment Manufacturer, may be required to be repaired during tenure of the contract by the contractor as per the optional item rate of the contract, cited at Optional Item Rates of Part-C [Item No.C.1 to C.6]] of Bill of Qty. & Rate Schedule towards Works& Part-E [Item No.E.1 to E.27] of Bill of Qty. &Rate Schedule towards Supply. The charges for such repairs shall be paid extra to the prospective contractor as one time basis. After repair, these machines will be covered under AMC list requiring periodic service maintenance.

**Note :**

- 1) Quantity cited against Part-C [Item No.C.1 to C.6] &Part-E [Item No.E.1 to E.27] of Bill of Qty. &Rate Schedule are only for indicative and item rate purpose. However, during execution, the quantity may vary widely and contractor is bound to supply & execute at the same rate for the whole quantity as required. However, payment will be made to the prospective contractor on one time pro-rata basis as per actual Quantity/execution.
- 2) In case the low cooling results from weak compressor &/or compressor found to be weak, due to running in gas leakage condition, the said compressor to be replaced with appropriate type & capacity of compressor, against which vendor will be paid as per item rate cited at Bill of Qty. &Rate Schedule [Part-C, vide Item Sl.No.C .4] & payment towards supply of new compressor will be made as per item rate cited at [Part-E, Item Sl.No.E.1to E.4]] of Bill of Qty. &Rate Schedule at actual.

**3.0 Part- C. (a) & C. (b) : One time Repair Items / Jobs**

The job involves one time repair of defective machines taken over from previous contract and making them ready within a shortest possible time frame not exceeding 3 months from effective date of work order or date of intimation as decided by engineer-in-charge. The vendor will be paid as per item rates cited at Part-C [Item No.C.1 to C.6] towards Works & Part-E [Item No.E.1 to E.27] towards supply of Bill of Qty. & Rate Schedule. The repair activities are broadly classified into following categories:

**3.1 Replacement of defective compressor** (with new compressor) along with charging of refrigerant, doing testing & commissioning of machine. The job involves:

- i) Dismantling the machine from site & shifting to designated work place.
- ii) Dismantle the defective compressor from base
- iii) Fixing of new compressor of similar rating/type in base plate, doing copper piping/capillary tube modifications, if required to get desired cooling output from the machines. Necessary copper pipe/capillary tube required for the above job shall be supplied by the vendor at his own cost.
- iv) Charging the system with refrigerant after doing leak test.
- v) Commissioning & testing of the machine & recording parameters.
- vi) Re-fixing the machine at site / keep it at designated place as spare.
- vii) During commissioning of the machine, if some other component is found to be defective, the vendor will replace the said component and shall be paid additional charge as per item rate over & above the charge for compressor replacing and gas charging.

**Note:** During carrying out the job, materials required such as refrigerant gas, capillary, strainer, copper pipe, tin screw, nut & bolts, wires & sockets etc. and wiring of electrical components including minor repairing of body, required if any, are to be supplied/carried out by Vendor at his own cost. Vendor will be paid as per item rate cited at Bill of Qty. & Rate Schedule [Part-C,ItemNo.C.4].

### 3.2 Repairing & testing of machines having gas leakage:

The machines which are detected to have gas leakage on prima facie basis during joint inspection shall be rectified by prospective contractor as detailed below:

- i) Dismantling of machines from site and shifting to designated work place.
- ii) Cleaning the machine thoroughly & checking for leakage points in the system.
- iii) Blocking the leakage points by doing brazing / replacing the copper tube, as the case may be.
- iv) Leak testing at pressure not less than 250 PSI to ensure status of repair.
- v) Gas charging, testing & recording parameters.
- vi) Shifting, re-fixing of the machines to respective location & commissioning thereof at site / keep it as spare at designated location.

**Note:** During carrying out the job, materials required such as refrigerant gas, capillary, strainer, copper pipe, tin screw, nut & bolts, wires & sockets etc. and wiring of electrical components including minor repairing of body, required if any, are to be supplied/done by Vendor at his own cost. Vendor will be paid as per item rate cited at Bill of Qty. & Rate Schedule [Part-C, Item No. C .5].

### 3.3 Repairing & testing of machines having less/Low cooling :

The machines which are detected to have less cooling on prima facie basis during joint inspection shall be rectified by prospective contractor as detailed below:

- i) Dismantling of machines from site and shifting to designated work place.
- ii) Cleaning & checking/looking for reasons of less cooling.
- iii) Replacement of defective components required, if any.
- iv) Gas charging (if required), testing & recording parameters.
- v) Making the machine ready by doing all the needful to give desired cooling output. Shifting, re-fixing & commissioning of the machines at site / keep it as spare at designated location.

**Note:** During carrying out the job, materials required such as refrigerant gas, capillary, strainer, copper pipe, tin screw, nut & bolts, wires & sockets etc. and wiring of electrical components including minor repairing of body, required if any, are to be supplied by Vendor at his own cost. Vendor will be paid as per item rate cited at Bill of Qty. & Rate Schedule [Part-C, Item No.C .6].

### 3.4. Rewinding of condenser / blower motor:

Machines which are detected to have burnt condenser / blower motor on prima facie basis during joint inspection, shall be rectified by prospective contractor and he will be paid as per item rates cited at Bill of Qty. & Rate Schedule [Part-C, Item No.C .1].

### 3.5. Repairing/ overhauling of condenser / blower motor:

Machines which are detected to have jammed condenser / blower motor &/or any other minor defects such as abnormal sound from bearing/bush/defective shaft etc. other than burnt winding, on prima facie basis during joint inspection, shall be rectified by prospective contractor and he will be paid as per item rates cited at Bill of Qty. & Rate Schedule [Part-C, Item No.C .2].

### 3.6. Repairing of PCBs/ inverter PCBs complete set :

Repairing of PCBs/ inverter PCBs complete set (including supply of components) as required for 1.5/2.0 TR window/ split A/c will be done by Party & payment will be made as per item rate cited at Bill of Qty. & Rate Schedule [Part-C, Item No.C .3].

### 3.7. Supply & replacement of spares:

Machines having defective components & coming under the category other than the above six categories cited at Part-C (a) & C (b) item No.3.1 to 3.6 of Scope of Work & detected on prima facie basis during joint inspection shall be rectified by the prospective contractor as below:

Party shall replace the defective components by healthy components and he shall be paid on one time basis as per item rate cited at [Part-D Item No-D.1 to D.19] & Part.E [item No.E.1 to E.27] of Bill of Qty. & Rate Schedule. However, party has to submit necessary challan / invoice documents with valid CISF gate entry for new spares consumed / utilized. It may be noted that for replacement of these spares, no extra payment shall be made other than cost of spares as per contract item rate cited at [Part-D Item No-D.1 to D.19] & [Part.E Item No.E.1 to E.27] of Bill of Qty. & Rate Schedule.

#### Part-D: Supply of components covered under Nalco's scope.

Party may be asked to supply certain components as per site requirement and party has to supply the items within a month of intimation/issue of sample, if required. Party has to regularize the returnable gate pass after return of the sample under intimation to Engineer-in-charge. Payment to the party will be made as per item rates cited under Part-D-1 to D.19 of Bill of Qty. & Rate Schedule. Party has to claim the said amount through regular RA Bill after supply of items. Necessary challan entry (at CISF Main Gate, Smelter Plant) etc. are to be produced along with the bill, duly certified by NALCO representative.

#### Part-E: Optional item rates (supply) against one time repair of machines

Items cited under this category are optional supply item rates against one time repair of machines as cited at Scope of Work Part-C(a) & C(b). Payment will be made as per item rate quoted by vendor at the time of bidding.

### 4. Common terms & conditions:

- 4.1 The contractor shall furnish monthly servicing report for all the machines serviced during the said month to prepare the monthly measurement abstract, which is to be attached with monthly RA bill(s). The preventive maintenance schedule has to be prepared by the contractor in consultation with MIC/EIC. All the necessary records like a/c check list, PM record, job sheets/service reports, material IN/OUT gate pass, etc. shall be maintained by the contractor & the same records to be returned to NALCO at the time of completion of contract. The Qty. & Amount showing against A.1 & A.2 of BoQ are supposed to be executed over a span of 24 equated months. The item rates include monthly servicing, replacement of spare parts (as & when required), attending breakdowns (as & when required), annual over hauling/wet servicing (once in a year), attending gas leakages, replacing defective compressors, body repairing & painting, repair / replacement of blower/PCBs/ inverter PCBs etc. as detailed at Cl.No.1.1 of Scope of Work under Job Requirement heading of Part-A.
- 4.2 All the materials supplied by the contractor like compressor, blower motor, selector switch, relay, capacitor, fan blade/runner etc. shall be inspected/ checked by NALCO representative for acceptance after verifying the challans /invoice/ warranty card etc. In case the material/spare is not acceptable by NALCO, party has to replace the same at no additional financial implication to NALCO.
- 4.3 After repair/capital maintenance of each air conditioner, the same shall be checked and tested by NALCO representative as per prescribed format before sending to respective sites/spare stock pool.
- 4.4 The contractor as well has to hand over all the machines in good working conditions with all the Accessories after completion/termination of the contract to the next/subsequent contractor. At the end of the contract, during handing over of the machines to the subsequent contractor, if any machine(s) is/are found defective, the prospective/new contractor shall repair the machines at the earliest and take over the rectified machines into his maintenance schedule. The expenditure cost incurred towards repair of such machines shall be paid extra (as one time basis) to the present contractor as per optional item rate cited in the present contract work order. (vide Bill of Qty. & Rate Schedule, Part-C, Item No.C.1 to C.6 towards works) & **Part-E, Item No.E.1 to E.27 towards Supply**). No man power cost shall be paid extra for repair of machines towards items of Part-D & Items of Part-E and it will be presumed that the same is included in the item rates.

- 4.5** All the components required for replacement will be of branded /reputed make or of equivalent standard quality.
- 4.6** If any machine's base plate, condenser coil housing, cooling coil housing, cell cover, etc. (as detailed at Part-D of BOQ) is found damaged/ beyond repairable condition, the same is to be replaced by new ones and the payment shall be made as per optional item rate cited at Part-D, Item No.D.1 to D.19 of Bill of Qty. & Rate Schedule. Party has to give at least six months guarantee on workmanship&/or components/spares &party has to rework for making the machine(s) ready free of cost, if it fails during the guarantee period.
- 4.7** All the spares/components required against Part-D of Bill of Qty. &Rate Schedule are to be supplied by the contractor within one month time from the date of intimation&/or as decided by Engr.-in-charge
- 4.8** In case any spare/component under Party's scope is found beyond reparable, Party has to provide new equivalent spare/component against the same without any extra financial implication to NALCO within a reasonable time not exceeding one month.
- 4.9** If Party wishes to take certain defective components for repair outside the plant premises, the same shall be allowed through returnable gate pass which is to be regularized at CISF security gate subsequently. But party has to return the repaired material within one month time &/or as decided by Engr.-in-charge. In case Party fails to return the same component or regularize the gate pass within the stipulated time frame, NALCO is at liberty to procure the material from available source & the amount incurred plus 25% overhead charge shall be deducted from Party's pending bill(s)/dues.
- 4.10 Quantity variation:** Quantity cited under Part-A, B, C(a), C(b) of Scope of Work & Part-D&E of Bill of Qty. &Rate Schedule are approximate in nature and may vary for which contractor shall have no option, but to execute the work(s) as per direction of EIC at the same rate, terms & conditions and payment will be made for actual quantity of materials supplied &/or quantum of works executed as per item rate on pro-rata basis, in case those differ from indicated quantities.
- 4.11** All the materials supplied by the contractor against Part- A, B, C(a), C(b) of Scope of Work & Part-D & E of Bill of Qty. &Rate Schedule shall be inspected/checked by NALCO representative for acceptance after verifying the entry challans / Invoice/warranty card etc. Payment to the party will be made against supply of materials against Part-B&C (of scope of work) jobs which can be claimed by the party during raising of monthly RA (Running Account) / Final Bill.
- 4.12 Guarantee on spares/components supplied under optional items.**  
The contractor shall give minimum 06 months guarantee on supply of new spares/components or actual warranty given by the OEM, whichever is more.
- 4.13** During taking over (by the prospective contractor) process, if any machine/machines is/are found defective, at the beginning of the contract, those are to be rectified within shortest/reasonable time frame, not exceeding 3 months from effective date of work order (vide Part-C(a) of scope of work). Similarly, if any defective machine(s) is/are to be taken over during any point of time in the contract tenure (vide Part C(b), then the same machines are to be rectified within shortest/ reasonable time frame &/or as decided by Engineer-in-charge, as per terms & conditions stipulated above under Part-C(a) & C(b)of scope of work. After the machines become ready, Party has to install/re-fix the machine(s) at the respective locations/keep it as spare at designated place, for which no extra payment shall be made except the cost of spares & cost of repair as per contract item rate cited under Part-E(item No.E.1 to E.27) & Part.C (item No. C.1 to C.6) of Bill of Qty. &Rate Schedule on one time basis. However, party is entitled to claim monthly service maintenance charge for the said machines from subsequent months.

**5.0. WORK PLACE & ACCOMODATION:**

The contractor will have to keep his work shop inside the smelter plant. The vendor will be provided suitable work place within the plant premises for installing the service center, for keeping replacement spares and for office purpose **free of cost** as per NALCO's rules. However, vendor will be responsible for safe storing of tools, spares, consumable materials at site store/work place under his direct custody, watch & ward. Any loss/damage to the same will be borne by the vendor & the same are to be replenished by the vendor at no extra cost to NALCO.

**6.0. DEFECT LIABILITY PERIOD:** The contractor shall be held responsible for any defects detected in the quality of material supplied and/or workmanship of the work executed till expiry of the defect liability period (i.e, 01 Year from the date of completion of the contract period) and shall be obliged to replace the materials and/or to rectify the defects within reasonable time as decided by Engineer-in-charge without any additional financial implication to NALCO. In case of contractor's failure to comply with the above within the stipulated time as decided by the Engineer-in-charge, the defective materials/ components/spares will be replaced and/or the defects will be rectified through any other agency at the risk and cost of the contractor.

**ANNEXURE-B3**

**SPECIAL CONDITIONS OF CONTRACT**

**SUB: ALL INCLUSIVE SERVICE AND MAINTENANCE COMPREHENSIVE CONTRACT FOR WINDOW & SPLIT TYPE AIR CONDITIONERS OF SMELTER PLANT.**

- 1.0 Party should go through the scope of work, Bill of Qty. & Schedule of Rates, vide Annexure-B4 & Special Conditions of contract thoroughly before submission of tender.
- 2.0 The contractor shall be deemed to have visited the site and fully acquainted himself with the site conditions and actual requirements of the subject work through interaction with the Engineer-in-charge prior to submitting the tender and shall be liable for completion of the work in all respects to the full satisfaction of the Engineer-in-charge irrespective of any omission of supply materials and/or job specifications indicated in the Bill of Qty. & Schedule of Rates, vide Annexure-B4/scope of work.
- 3.0 The contractor shall take over the existing machines/equipments within 15 days from the effective date of work order. At the time of handing over of machines to the prospective contractor from previous contractor, joint inspection shall be carried out in presence of NALCO representative & status of each machine are to be noted in NALCO's prescribed format. All the sheets of joint inspection report are to be signed by authorized representative of tri-parties. If any machine is found not working properly during handover period due to faulty/missing components, the new contractor shall carry out the repair / replacement of the same components immediately against the item rate cited in the Bill of Qty. & Schedule of Rates, vide Annexure-B4(vide Part-C). During the process of handing over if previous contractor is found absent, the decision of engineer-in-charge is final and binding on both the parties/contractors.
- 4.0 In case the contract gets terminated on the ground for non-compliance to any statutory requirements or any other reason before expiry of the contract, the extra cost incurred by NALCO, if any, towards finalization of subsequent contract will be recovered from the defaulter contractor's pending bills/dues and the left out period of work will be carried out at his risk & cost.
- 5.0 **Tools & Tackles:**  
The vendor has to arrange at his own cost various tools & tackles for carrying out day to day maintenance activities of the contract .The list includes hand operated air blower, copper tube flaring kit with spare ferrule, hydraulic/spring operated swaging plier, hacksaw, pipe bender, etc., instruments(such as clamp meter/tongue tester, Insulation Resistance Meter, millimeter, temperature Meter/ indicator etc.), Blow lamp and vacuum pump, Pressure gauge/indicator, any specialized tool/equipment etc. required for the job . The tentative list of tools & tackles are enclosed at Annexure-E. However welding set, gas cutting set(Oxygen & DA gas), Synthetic enamel/epoxy paint and ladder etc. required during execution of any job inside the plant will be supplied by NALCO on **free issue** (vide Annexure-D for list of FIMs) basis, subject to availability.
- 6.0 All the Consumables required for carrying out day to day maintenance activities are to be supplied/arranged by the contractor at his own cost. The list includes Capillary tube, Strainer, Copper pipe, De-scaling compound, Turpentine oil/thinner, Rustoline/rust clean solution, compressor oil/lube oil, soap/cleaning agent, brushetc. The tentative list is enclosed at Annexure-Z.
- 7.0
  - i) Payment will be made for actual quantity of machines serviced as per contract rates (on pro rata basis in case those differ from indicated quantities) through monthly Running Account(RA) bills in NALCO's prescribed format after deducting statutory levies/taxes & penalty charges, if any. The contractor cannot claim more than once for a particular machine serviced in a month. The last monthly bill i.e, the final bill shall be released only after completion of all the formalities such as handing over the machines by the said contractor to subsequent contractor in good working condition, making final payment to workers including deposit of statutory dues of workers, etc.as per company's guidelines.
  - ii) **Billing & invoicing** : Vendor must submit two separate bills / invoice copies in their monthly RA Bill(s) for Plant & Township as per actual execution.
- 8.0 In all cases of controversies/ disputes regarding technical matters in connection with execution of job and/or quality of material supplied/workmanship rendered by the contractor, the decision of the Engineer-in-charge shall be final and binding on the contractor.

- 9.0 The contractor's residential establishment shall have to be within 5 km radius of the plant so that, if required, in case of exigency, required manpower can be mobilized within a short span of time.
- 10.0 The contractor shall take full responsibility to ensure proper workmanship, good quality of work and supervision during the contract period without any addition cost.
- 11.0 The Contractor & all his employees will abide by the **Safety & Environment** norms as per standard company guide lines to keep the plant & working environment healthy. Vendor must ensure using of PPEs (as per PPE matrix) by all workers engaged under the contract.
- 12.0 In case of exigency & upon written request of the contractor with sufficient justification, refrigerant gas or any other consumable, may be issued by NALCO to the contractor on temporary loan basis, subject to availability & if deemed fit by engineer-in-charge. But the same shall be returned back to NALCO within a month's time by the contractor, failing which a tantamount amount as that of the item cost as per landed procurement cost at NALCO site basis plus 25% overhead charge will be deducted from contractor's pending monthly RA/Final bill(s)/security deposit/SDBG, as the case may be.

**13.0 GUIDE LINE FOR MAINTENANCE STAFF DEPLOYMENT :**

- 13.1**
- i) The contractor at his own cost shall have to maintain a team of trained, qualified and experienced personnel to carry out maintenance/servicing of the air conditioners. No. of regular gate passes shall be limited to maximum 17 Nos. for the proposed job. Additional gate passes, required if any, may be issued on temporary basis for attending jobs stipulated at Part-A, B & C &/or as per direction of Engineer-in-charge to meet site exigency.
  - ii) **Regular/Continuous basis** : Tentatively there will be 5 working groups, each consisting of one technician (SW) and one helper (SSW) & 3 assisting groups, each consisting of minimum two SSWs to cater the regular routine inspection, servicing, over hauling & breakdown jobs, as the case may be for A/Cs installed both inside & outside the plant (coming under Nalco Smelter Division's scope). Normally servicing, overhauling, annual maintenance jobs will be carried out in 'G' shift (from 8.00 AM to 5.00 PM) but breakdown calls are to be attended throughout the year on round the clock basis.  
Receiving complaints through phone or in person and to allot job to available technicians/workers lies under scope of the contractor. The contractor is responsible for overall supervision of the job carried out by his staff & do co-ordination activities for carrying out day to day works. Resolving day to day technical problems, maintaining service records/log books, making inspection/service schedule, preparing measurement abstract, raising RA / Final Bill in appropriate format, etc...lies under the scope of the contractor. The contractor or his authorized representative ought to maintain & update the list/record of spares & consumables required for the site & is supposed to possess sound communication skill to take care of day to day activities including documentation work.
  - iii) **Temporary Basis** : There might be requirement of additional man power on temporary basis during winter / annual overhauling & extra works during peak summer season, making the defective machines ready against Part-C(a) & C (b) jobs under scope of work &/or to meet the exigencies such as attending breakdown jobs, installation jobs, work shop jobs like new window kit A/Cs assembly, compressor fittings, gas leakage, etc..as per plant site requirement &/or direction of engineer-in-charge as the case may be.  
During yearly winter overhauling/capital maintenance period ( i.e. November to February of each financial year) & during peak summer period (i.e. May & June of each calendar year ) additional 3 groups each consisting of one SW, one SSW & one USW are to be deployed. In case Party finds it difficult to arrange the above additional man power, he may deploy the existing man power in overtime basis to meet plant requirement &/or as per decision of EIC, in line with Company guidelines.
  - iv) The manpower deployed through regular gate passes must have adequate experience in maintenance & servicing of window & split type air conditioners. The man power deployed through temporary gate pass (as & when required) should also have experience in maintenance & servicing of window & split type A/Cs.
  - v) No existing worker can be deployed by the contractor for doing day to day supervision of the maintenance works. Supervision of the jobs under this contract shall lie under the scope of the contractor.

- vi) The contractor shall have to maintain daily log books, proper records of his employees'/workers' attendance and payments made to them and other such records as per statutory requirement. These records shall have to be made available to NALCO representative for verification as and when required.
- vii) The contractor shall have to ensure availability of required manpower throughout the year for attending breakdown maintenance on round the clock basis including Sundays and Holidays. Personnel shall have to operate as per the time schedule and instructions of the Engineer-in-charge or his authorized representative.
- 13.2** a) All tools & tackles brought by the vendor inside the Smelter Plant during tenure of the contract shall be allowed to be taken back subject to production of entry challans duly stamped & signed by CISF personnel while entering inside Smelter CISF Main Gate and subsequently certified by NALCO representative.
- b) Excess spares, if any, found unconsumed during tenure of the contract will be allowed to take back subject to production of entry challan(s) in Smelter CISF Main Gate and subsequently certified by NALCO representative.
- 14.0** **PENALTY:**
- 14.1** **Towards Non-compliance of Breakdown Maintenance:** For failure in putting the M/Cs in proper working order within 72 hours of breakdown report, a penalty of Rs.100/- per machine per day for the entire period of delay shall be levied and deducted from the monthly/pending bills/dues.
- 14.2** If the contractor **fails to deliver a particular item/ spares within stipulated time frame** as decided by Engineer-in-charge or his representative &/or the contractor is unable to complete any job, either partly or wholly for reason whatsoever, the same will be carried out by NALCO through any other available outside agency at the **risk & cost** of the contractor.
- 14.3** Failure in complying **yearly capital maintenance**/over hauling (during winter season/during stipulated period of the year) of all machines under contract shall attract a penalty of Rs.650/- per window A/C & Rs.750/- per split A/C per year. The same shall be deducted from pending Bills/dues of the Party against this work order.
- 14.4** **Towards Non-compliance of maintaining repaired A/C Stock Level:**  
If party fails to maintain the required stock level as defined in Clause No.1.5.1(b) a penalty of Rs.200/- per machine per month will be levied & the said amount will be deducted from contractor's RA Bill.
- 15.0** All the machines handed over to the existing contractor for regular periodic service maintenance during the tenure of the contract are to be handed over in same healthy running condition to the prospective contractor/NALCO at the end of the contract. **PRE CONTRACT INTEGRITY PACT**

**General**

This pre-bid pre-contract Agreement (hereinafter called the Integrity Pact) is made on \_\_\_\_\_ day of the month of \_\_\_\_\_ 2025, between, on one hand, the National Aluminium Company Limited (NALCO), a company registered under the Companies Act 1956 and a Government of India Enterprise, having its Registered Office at NALCO Bhawan, P/1, Nayapalli, Bhubaneswar- 751013, Odisha, India (referred to as NALCO) acting through Shri \_\_\_\_\_ (with designation of the Officer) (hereinafter called the "BUYER", which expression shall mean and include, unless the context otherwise requires, his successors in office and assigns) of the First Part and M/s. \_\_\_\_\_ represented by Shri \_\_\_\_\_, Chief Executive Officer (hereinafter called the "BIDDER / Seller" which expression shall mean and include, unless the context otherwise requires, his successors and permitted assigns ) of the Second Part.

WHEREAS the BUYER proposes to procure \_\_\_\_\_ and the BIDDER/Seller is willing to offer/has offered the stores and

WHEREAS the BIDDER is a private company / public company /Government undertaking/ partnership /registered export agency, constituted in accordance with the relevant law in the matter and the BUYER is a Company under the administrative control of the Ministry of Mines, Govt. of India.

**NOW THEREFORE**

To avoid all forms of corruption by following a system that is fair, transparent and free from any influence / prejudiced dealings prior to during and subsequent to the currency of the contract to be entered into with a view to :-

Enabling the BUYER to obtain the desired said stores/equipment at a competitive price in conformity with the defined specifications by avoiding the high cost and the distortionary impact of corruption on public procurement, and

Enabling BIDDERS to abstain from bribing or indulging in any corrupt practice in order to secure the contract by providing assurance to them that their competitors will also abstain from bribing and other corrupt practices and the BUYER will comment to prevent corruption, in any form, by its officials by following transparent procedures.

The parties hereto hereby agree to enter into this Integrity Pact and agree as follows:

**Commitments of the BUYER**

- 1.1 The BUYER undertakes that no official of the BUYER, connected directly or indirectly with the contract, will demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favour or any material or immaterial benefit or any other advantage from the BIDDER, either for themselves or for any person or organisation or third party related to the contract in exchange for an advantage in the bidding process, bid evaluation, contracting or implementation process related to the contract.
- 1.2 The BUYER will, during the pre-contract stage, treat all BIDDERS alike and will provide to all BIDDERS the same information and will not provide any such information to any particular BIDDER which could afford an advantage to that particular BIDDER in comparison to other BIDDERS.
- 1.3 All the officials of the BUYER will report to the appropriate Government office any attempted or completed breaches of the above commitments as well as any substantial suspicion of such a breach.
2. In case any such preceding misconduct on the part of such official(s) is reported by the BIDDER to the BUYER with full and verifiable facts and the same is prima facie found to be correct by the BUYER, necessary disciplinary proceedings, or any other action as deemed fit, including criminal proceedings may be initiated by the BUYER and such a person shall be debarred from further dealings related to the contract process. In such a case while an enquiry is being conducted by the BUYER the proceedings under the contract would not be stalled.

**Commitments of BIDDERS**

3. The BIDDER commits itself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of its bid or during any pre-contractor post-contract stage in order to secure the contract or in furtherance to secure it and in particular commit itself to the following :-
- 3.1 The BIDDER will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the BUYER, connected directly or indirectly with the bidding process, or to any person, organisation or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the contract.
- 3.2 The BIDDER further undertakes that it has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the BUYER or otherwise in procuring the Contract or forbearing to do or having done any act in relation to the obtaining or execution of the contract or any other contract with the Government for showing or forbearing to show favour or disfavour to any person in relation to the contract or any other contract with the Government.
- 3.3 BIDDERS shall disclose the name and address of agents and representatives and Indian BIDDERS shall disclose their foreign principals or associates.
- 3.4 BIDDERS shall disclose the payment to be made by them to agents / brokers or any other Intermediary, in connection with this bid / contract.
- 3.5 The BIDDER, either while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of the BUYER or their family members, agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.
- 3.6 The BIDDER will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract.
- 3.7 The BIDDER will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.
- 3.8 The BIDDER shall not use improperly, for purposes of competition or personal gain, or pass on to others, any information provided by the BUYER as part of the business relationship, regarding plans, technical proposals and business details, including information contained in any electronic data carrier. The BIDDER also undertakes to exercise due and adequate care lest any such information is divulged.
- 3.9 The BIDDER commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable fact.
- 3.10 The BIDDER shall not instigate or cause to instigate any third person to commit any of the actions mentioned above.
- 3.11. If the Bidder or any employee of the Bidder or any person acting on the behalf of the Bidder, either directly or indirectly, is a relative of any of the officers of the Buyer, or alternatively, if any relative of an officer of the Buyer has financial interest/stake in the Bidder's firm, the same shall be disclosed by the Bidder at the time of filing of tender. The term "relative" for this purpose would be as defined in Section 6 of the Companies Act 1956.
- 3.12. The Bidder shall not lend to or borrow any money from or enter into monetary dealings or transactions, directly or indirectly, with any employee of the Buyer.
- 3.13. Bidder(s)/ Contractor(s) who have signed the integrity pact shall not approach the courts while representing the matter to IEMs and shall wait for their decision in the matter.

**4. Previous Transgression**

- 4.1. The Bidder declares that no previous transgression occurred in the last three years immediately before signing of this integrity Pact, with any other company in any country in respect of any corrupt practices envisaged hereunder or with any Public Sector Enterprise in India or any Government Department in India that could Justify Bidder's exclusion from the tender process.
- 4.2. The Bidder agrees that if it makes incorrect statement on this subject, Bidder can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

**5. Sanctions for Violations :**

- 5.1. Any breach of the aforesaid provisions by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER) shall entitle of the BUYER to take all or any one of the following actions, wherever required: -
  - (i) To immediately call off the pre-contract negotiations without assigning any reason or giving any compensation to the BIDDER. However, the proceedings with the other BIDDER(s) would continue.
  - (ii) The Earnest Money Deposit ( in pre-contract stage) and/or Security Deposit / Performance Bond ( after the contract is signed) shall stand forfeited either fully or partially, as decided by the BUYER and the BUYER shall not be required to assign any reason therefore.
  - (iii) To immediately cancel the contract, if already signed, without giving any compensation to the BIDDER.
  - (iv) To recover all sums already paid by the BUYER, and in case of an Indian BIDDER with interest thereon at 2% higher than the prevailing Prime Lending Rate of State Bank of India, while in case of a BIDDER from a country other than India with interest thereon at 2% higher than the LIBOR. If any outstanding payment is due to the BIDDER from the BUYER in connection with any other contract for any other stores, such outstanding payment could also be utilized to recover the aforesaid sum and interest.
  - (v) To en-cash the advance bank guarantee and performance bond / warranty bond, if furnished by the BIDDER, in order to recover the payments, already made by the BUYER, along with interest.
  - (vi) To cancel all or any other Contracts with the BIDDER. The BIDDER shall be liable to pay compensation for any loss or damage to the BUYER resulting from such cancellation / rescission and the BUYER shall be entitled to deduct the amount so payable from the money(s) due to the BIDDER.
  - (vii) To debar the BIDDER from participating in future bidding processes of NALCO for a minimum period of five years, which may be further extended at the discretion of the BUYER.
  - (viii) To recover all sums paid in violation of this Pact by BIDDER(s) to any middleman or agent or broker with a view to securing the contract.
  - (ix) In cases where irrevocable Letters of Credit have been received in respect of any contract signed by the BUYER with the BIDDER, the same shall not be opened.
  - (x) Forfeiture of Performance Bond in case of a decision by the BUYER to forfeit the same without assigning any reason for imposing sanction for violation of this Pact.
- 5.2. The BUYER will be entitled to take all or any of the actions mentioned at para 5.1(i) to (x) of this Pact also on the Commission by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER), of an offence as defined in Chapter IX of the Indian Penal Code 1860 or Prevention of Corruption Act, 1988 or any other statute enacted for prevention of corruption.
- 5.3. The decision of the BUYER to the effect that a breach of the provisions of this Pact has been committed by the BIDDER shall be final and conclusive on the BIDDER. However, the BIDDER can approach the independent Monitor(s) appointed for the purposes of this Pact.

**6. Independent External Monitors (IEMs):**

- 6.1. The BUYER has a panel of Independent External Monitors (hereinafter referred to as IEMs) for this Pact in consultation with the Central Vigilance Commission as mentioned in NALCO'S NIT/NALCO's website ([www.nalcoindia.com](http://www.nalcoindia.com)).
- 6.2. The task of the IEMs shall be to review independently and objectively, whether and to what extent the parties comply with the obligations under this Pact.
- 6.3. The IEMs shall not be subject to instructions by representatives of the parties and perform their functions neutrally and independently.
- 6.4. Both the parties accept that the IEMs have the right to access all the documents relating to the project / procurement including minutes of meetings.
- 6.5. As soon as the IEM notices, or has reason to believe, a violation of this Pact, he will so inform the Authority designated by the BUYER.
- 6.6. The BIDDER(s) accepts that the IEM has the right to access without restriction to all Project documentation of the BUYER including that provided by the BIDDER. The BIDDER will also grant the IEM, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The IEM shall be under contractual obligation to treat the information and documents of the BIDDER / Subcontractor(s) with confidentiality.
- 6.7. The BUYER will provide to the IEM sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the parties. The parties will offer to the IEM the option to participate in such meetings.
- 6.8. The IEM will submit a written report to the designated Authority of BUYER / Secretary in the Department / within 8 to 10 weeks from the date of reference or intimation to his by the BUYER / BIDDER and should be occasion arise, submit proposals for correcting problematic situations.

**7. Facilitation of Investigation:**

In case of any allegation of violation of any provisions of this Pact or payment of commission, the IEMs shall be entitled to examine all the documents including the Books of Accounts of the BIDDER and the BIDDER shall provide necessary information and documents in English and shall extend all possible help for the purpose of such examination.

**8. Law and Place of Jurisdiction:**

This Pact is subject to Indian Law. The place of performance and jurisdiction is the seat of the BUYER.

**9. Other Legal Actions:**

The actions stipulated in this Integrity Pact are without prejudice to any other legal action that may follow in accordance with the provisions of the extant law in force relating to any civil or criminal proceedings.

**10. Validity:**

- 10.1 This Pact begins when both parties have legally signed it. It expires for the Contractor 12 months after the last payment under the contract, and for all other Bidders 6 months after the contract has been awarded. If any claim is made/lodged during this time, the same shall be binding and continue to be valid despite the lapse of this pact as specified above, unless it is discharged/ determined by CMD, NALCO.
- 10.2 Should one or several provisions of this Pact turn out to be invalid, the remainder of this Pact shall remain valid. In this case, the parties will strive to come to an agreement to their original intentions.

11. If the bidder/ Contractor is a partnership or a consortium, this agreement must be signed by all partners or consortium members
